

Marmon Aerospace & Defense Group

A Berkshire Hathaway Company

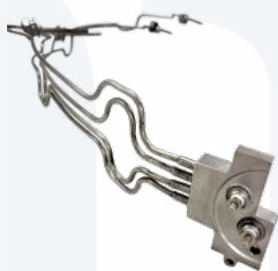

*We **CONNECT** the People and Technology that Enable the Future from Sea to Space!*

Marmon Aerospace and Defense Group is a leading provider of high-performance wire, cable, and connectivity solutions for the aerospace, defense, and industrial sectors. The company specializes in the design, engineering, and manufacturing of critical products for a wide range of applications, with expertise in commercial and military-spec data and power cables, RF coaxial cables, thermocouple cables, connectors, fiber optics, and custom assemblies. For more information, visit www.marmon-ad.com.

Wire & Cable

- Mil-spec
- Power
- Data
- RF Coax
- Fiber Optic
- Hybrid / Composite
- Instrumentation

Thermocouple Wire & Cable

- Standard
- Specialty
- Composite
- Tool TC
- High Temperature
- Base & Noble Metal TCs
- RTDs / PRTs

Cable Assemblies / Wire Harness

- Copper / Fiber Optic
- Thermocouple
- Composites
- Wire Harnesses
- Harsh Environment
- Overmolded

Custom Cable

- 100+ Components
- Composites
- Power, Data, Hybrids
- Fiber / Copper Hybrids
- LSZH Cable
- High Temperature
- Dry Block

Coil Cords

- Handset & Headset
- TacCom Systems
- Data Transmission
- Telescoping Mast
- Portable Power
- Robotics
- Radar

Custom Kits / Training / Field Services

- Fiber / Copper
- Engineering Services
- Kitting (Termination, Test, Consumables)
- Training
- Installation

Marmon Aerospace & Defense Group

A Berkshire Hathaway Company

marmondefense.com

Marmon Defense has been 100% dedicated to supporting the U.S. Department of Defense and its subcontractor network with high-performance custom and Mil-spec wire and cable solutions. As a trusted cable manufacturer, we've evolved into a leading source of advanced cable technology, delivering reliable, mission-critical solutions for the most demanding applications—including aerospace, ground vehicles, soldier-worn systems, space, and shipboard environments.

harbourind.com

Harbour Industries is a global leader of high-performance Data, RF, and Mil-spec wire and cable, delivering reliable solutions for the commercial, industrial, aerospace, space, and military sectors for over 60 years. Our products include a wide variety of coaxial, high-temperature, and specialty cables designed for demanding applications. With decades of engineering expertise, a broad range of materials, and a commitment to outstanding customer service, we provide the cable technology and support to help in the success of your most critical programs.

tewire.com

TE Wire & Cable is a leading manufacturer of thermocouple and specialty wire and cable assemblies, proudly serving the industry since 1941. With over 80 years of expertise, we deliver high-performance solutions for temperature measurement and thermo-sensing applications—ranging from cryogenic environments to extreme heat up to 1300°C. Our unwavering commitment to quality and precision ensures reliable, consistent performance, empowering our customers to operate with confidence and focus on what they do best.

ccpi-europe.com

CCPI-Europe The market leading manufacturer & supplier of industrial thermocouples & temperature sensors. At our world class manufacturing facility, production is delivered to the highest standards of quality, reliability & accuracy. CCPI's UKAS ISO17025 Accredited Calibration Laboratory is a leading European Thermal Calibration Laboratory maintains some of the tightest uncertainties of measurement held by a thermal commercial calibration laboratory.

kitcofiberoptics.com

KITCO Fiber Optics is a leading provider of fiber optic connectivity solutions for the Aerospace & Defense industry, trusted for over 30 years by major defense contractors and the US government. Our capabilities include the design and fabrication of fiber optic tools, custom cable assemblies, and private label kits, as well as on-site field services and hands-on training and certification programs. As an AS9100D/ISO 9001:2015 certified company, KITCO delivers reliable engineered solutions and exceptional customer service tailored to meet strict military standards.

marinetechwire.com

Marine Tech Wire & Cable With over 25 years of industry expertise, Marine Tech is a trusted manufacturer of high-performance electrical wire and cable. We specialize in the production of shipboard cable engineered for naval vessels, delivering exceptional durability and reliability. Our multiconductor cables are designed to perform in the world's toughest environments—resisting the effects of sea water, extreme temperatures, and other harsh conditions.
